Stability

A series of political, social, and ideological storms had shaken the Old World since the last quarter of the 18th century, triggering wars, which engulfed all of the leading European nations. The Congress of Vienna remained in session for many months - its activity suspended for a time by a new outburst of military

Stability

There is less room for people in the 21st century than at any other time in history. In fact, it took all of human history, until 1800, for the world's population to reach one billion (roughly today's population of Europe and North America combined), while most mid-range population projections foresee future
