robin 295cc engine for sale | eBay

For example, I used to rebuild a 250 cc motocross engine that was rated about 13 HP but with internal mods could get it to deliver 25-27 HP. In the 24 inch snow blower arena 179cc is adequate, 208 cc is good and the acceptable size for MidWest snows, 252 cc will handle most anything and 369cc is over-the-top power.
