Civilizations Culture Ambition And The

In Civilizations, Felipe Fernández-Armesto once again proves himself a brilliantly original historian, capable of large-minded and comprehensive works; here he redefines the subject that has fascinated historians from Thucydides to Gibbon to Spengler to Fernand Braudel: the nature of civilization. To Fernández-Armesto, a civilization is "civilized in direct proportion to its distance, its ...

Civilizations : Culture, Ambition, and the Transformation ...

Civilizations is the next major crack at the topic. After the discouraging introduction, Civilizations gets off to a strong start. Fernandez-Armesto vividly describes the struggle to carve societies out of arctic climates and desert wastes, offering interesting detail on nearly every page, even if, true to his word, the writing can be a little cryptic.
