### Impact of budget on stock market research paper

Research on the economic consequences of natural and man-made disasters mainly focuses on the growth impacts of such events (see for example Cavallo et al. 2010). Only a very small subset of this literature deals specifically with the trade impact of disasters. An example of the latter can be found in a recent paper by Gassebner et al. (2010), which examines data on disasters in 170 countries ...
