Essential Of Ophthalmology By Dr

I recommend this Ophthalmology Center and Dr. Young. Today is January 8th of 2021 and the day before this I had a very gritty feeling in my right eye when I woke up. Just thinking it was my Sjogren's I put in the eye drops and it helped but I had double vision for the day. Knowing I could call Stone Oak Ophthalmology and find out if I need to see a Dr or just find out what I could do. They ...

Blepharospasm is abnormal contraction of the eyelid muscles. It often refers to benign essential blepharospasm (BEB) which is a bilateral condition and a form of focal dystonia leading to episodic closure of the eyelids. The exact cause of BEB is unknown and, by definition, it is not associated with another disease entity or syndrome. Symptoms usually begin as mild and infrequent spasms that ...
