### MEDIC4523 | Modification Universe

Because of the size of the drill holes in the lid, we had to resort to a modification. In order to take an impression of the hole, a large dowel was used instead of a toothpick. Before the addition of the free-flowing silicone, a heavy-based silicone was placed around the end of the dowel and molded so that it was slightly narrower than the circumference of the hole. When this had set, free ...
