Amazon.com: Forensic Detective: How I Cracked the World's ...

This book was an look into the work of a forensic detective through individual case studies. Although it started off interesting, the cases all became really similar after a while and I thought the book got rather boring/repetitive in nature (although I know his work is extremely important, esp to the families involved).

Death. It's not only inevitable and frightening, it's intriguing and fascinating—especially today, when science continues to make ever more stunning advances in the investigation of the oldest and darkest of mysteries. To discover the how and why of death, unearth its roots, and expose the mechanics of its grim handiwork is, at least in some sense, to master it.
