History Of Computing And Education

The Centre for Computing History is much more than a museum. Based in Cambridge, it hosts hands-on exhibitions, educational workshops and a wide range of activities and events. Most importantly, it makes the history of computing relevant and fun for all ages!

The Centre for Computing History - Computer and Video Game ...

Stephanie Spencer, in exploring the choices made by school-leavers aged 15 to 18 regarding employment, further education and future career, has found a clever approach to significant issues of women's history in a decade not usually perceived as pregnant with gender issues in the way the war years and their immediate aftermath or the 'swinging sixties' are. Spencer's analysis, however, reveals ...

Digital history is the use of digital media to further historical analysis, presentation, and research. It is a branch of the digital humanities and an extension of quantitative history, cliometrics, and computing. Digital history is commonly digital public history, concerned primarily with engaging online audiences with historical content, or, digital research methods, that further academic ...
