Life And Death In Ancient

To the ancient Egyptians, death was not the end of life but only the beginning of the next phase in an individual's eternal journey. There was no word in ancient Egyptian which corresponds to the concept of "death" as usually defined, as "ceasing to live", since death was simply a transition to another phase of one's eternal existence.

...

Two ideas that prevailed in ancient Egypt came to exert great influence on the concept of death in other cultures. The first was the notion, epitomized in the Osirian myth, of a dying and rising saviour god who could confer on devotees the gift of immortality; this afterlife was first sought by the pharaohs and then by millions of ordinary people.

Death - Ancient Egypt | Britannica

The ancient Egyptians' attitude towards death was influenced by their belief in immortality. They regarded death as a temporary interruption, rather than the cessation of life. To ensure the continuity of life after death, people paid homage to the gods, both during and after their life on earth.

Egyptian civilization - Religion - Life after death

Defined by borders both physical and conceptual, the Roman city stood apart as a concentration of life and activity that was legally, economically, and ritually divided from its rural surroundings. Death was a key area of control, and tombs were relegated outside city walls from the Republican period through Late Antiquity.
