Progress In Self Psychology V

Postmodern Self Psychology, the last volume of the Progress in Self Psychology series under the editorship of Arnold Goldberg, charts the path of self psychology into the postmodern era of psychoanalysis. It begins with Goldberg's thoughtful consideration of the several tributaries of self-psychological thought in the decades after Kohut and continues with Mark Gehrie's elaboration of "reflective realism" as a self-psychological way out of epistemological quagmires about the "essential ...

TED Talk Subtitles and Transcript:

"Human beings are works in progress that mistakenly think they're finished." Dan Gilbert shares recent research on a phenomenon he calls the "end of history illusion," where we somehow imagine that the person we are right now is the person we'll be for the rest of time. Hint: that's not the case.
